

Desktop/Laptop

Hardware Requirements

- **Processor – 2.5 GHz or faster**
- **RAM – 6-8 GB**
- **Hard Drive – 250 GB or higher**

Note: If you plan to purchase or use a dedicated desktop/laptop for your society, it is recommended that you purchase a PC with a 256-bit encrypted hard drive. An encrypted drive will prevent access to locally stored financial and claims information if the computer is lost or stolen.

To purchase a PC with a built-in encrypted hard drive, you must call a PC vendor (e.g., Dell, Lenovo) and place a special order.

Software Requirements

Browsers:

- Apple Safari 11 or later
- Google Chrome 73 or later
- Microsoft Internet Explorer 11 or later
- Microsoft Edge 42 or later
