

SUMMARY OF KEY DISCUSSIONS

1. Updates on the 2020/21 Site Review and Reporting Process (SRRP).
2. Presentation from Providence Health Care Physicians and Surgeons Association.
3. Request for start-up funding from Bella Coola Medical Staff Association (MSA).
4. Updates from the provincial team

2020/21 SRRP Updates

The Facility Engagement Working Group (FEWG) received an update and heard emerging themes, priorities, local and regional actions.

Key Priorities for MSAs

Emerging priorities from MSAs strategic goals and activities focus on the following themes:

- Strengthen relationships between physicians and health authority leaders.
- Support physician engagement to create a unified physician voice.
- Improve working environment, including physician health and wellness.
- Improve recruitment and retention of physicians and medical staff.
- Improve quality of healthcare services and delivery.
- Improve equity, cultural safety and inclusion in medical staff and leadership.
- Improve governance and operations.

As well, an example was shared about how Engagement Partners supported SRRP discussions between MSAs and the health authority partners to identify regional actions in Interior health region.

Knowledge Sharing Strategy

The provincial team shared an update on plans to foster innovation, progress, and networking by centrally creating and disseminating information and enabling peer-to-peer learning opportunities. Knowledge sharing elements including areas of

interest and format, as well as success and value, were discussed.

Providence Health Care Physicians and Surgeons Association Presentation

The MSA presented on its:

- results from its 2020 health authority engagement survey and self-assessment survey.
- 2020 highlights including physician-led projects, COVID-19 learnings, and the new St. Paul's Hospital.
- 2021-22 strategic priorities

Start-up Funding from Bella Coola MSA

The FEWG approved a request for start-up funding from the Bella Coola Medical Staff Association. The MSA is committed to work on physician engagement and improve patient care through collaboration and consultation at the Bella Coola Hospital.

Executive Updates

A new document has been created for divisions of family practices and medical staff associations. The [Governance Fundamentals Guidelines](#) defines the attributes, skills, and knowledge with good governance. To complement the guidelines, the provincial team is developing training webinars. Upcoming next is expand and update the human resources toolkit currently available to divisions.

The Joint Collaborative Committees will be collaborating with the Doctors of BC's Physician Health Program on a provincial cognitive behavioural therapy training and peer support network. More details will be shared as they become available.
